D.O. RIBERA DEL DUERO

97 Points Gourmets Guide

Blend of the best harvest

Matarromera Esencia is the blend of the best vintages, the soul of Matarromera and the wine references of our elaborations, which show the essence of the land, its vineyards, and the great personality of Valbuena de Duero. **Esencia is a unique red wine that represents the entire history of the winery in an excellent blend of the best Matarromera wines of all times.** In Esencia, excellent vintages come together to express the genius, longevity and wisdom of its vineyards.

- What makes this type of red wine incredible? To see how its aromas from the land, the vineyard, the grapes and the barrel have evolved, while keeping their fruit and idiosyncrasy intact over time, but with an absolutely unparalleled enhancement of aromas and flavours.
- How do you develop this type of wine? It takes time, as well as a meticulous selection of each wine and each bottle, where the perfect evolution of the wine is essential.
- Its complexity, register of aromas, oenological wisdom and deep knowledge of the organoleptic world, make it special, unique and whose essence is unequalled.

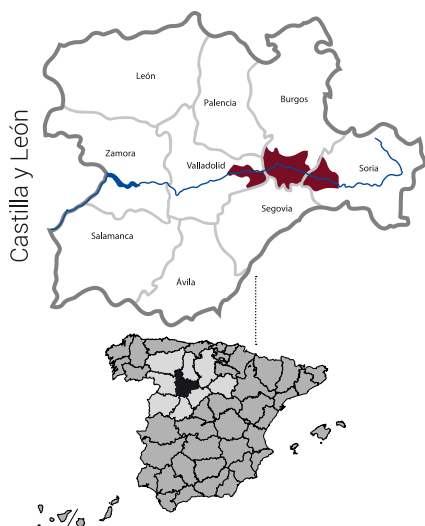

"The true essence of a winery is hidden in its vineyards, in its barrels, in its people.... This Production is a tribute to all that we have been and all that we will be, because in order to understand the future we must have learned from our past. This unique wine is the integration of great elaborations of all these years, which now merge into this MATARROMERA Essence." **Carlos Moro.**

Matarromera

In Valbuena de Duero, the birthplace of Tempranillo in the Ribera del Duero, lies the roots of **Bodega Matarromera**. Founded in 1988 on the slopes of a hill facing south, from which the impressive Duero River can be seen. This cosy winery is the perfect setting for the production of wines for ageing, as the conditions provided by its half-buried cellars are perfect for the production of wines in which the balance between oak and Tempranillo is the protagonist. **The first vintage of Bodega Matarromera won the Gran Gold Medal** at the International Wine Competition, which was an incredible starting point for a **history full of successes**.

In 2020, after a long trajectory full of winemaking and business successes, Matarromera Esencia was born. This project involves the complete transformation of the winery to adapt to the future in a sustainable way.
